

**Ticket Title : MATLAB download issues**

**Ticket Number : SERC-00-0229**

**Ticket Department : SERC**

**Ticket Helptopic : Support query**

Hello. I've downloaded the installer and selected the modules I want to install. However, I get the following error message. Please tell me what I should do to resolve this issue.

image not found or type unknown

Thanks

Dear User

Kindly installa matlab 18b version. matlab 19 is in testing and it will be launched once testing finishes.

also kindly check the internet connectivity during the installation of the software,
